Challenge Area

Key SPICES growth

Likely Scout Method elements

Summary statement

Scouts will participate in a multi-day cycling adventure.

For inspiration and resources check the Jamboree on Pedals website www.jamboreeonpedals.com.

Challenge Card Cycling Adventure - Multi day

Plan

- When and where will you do your cycling adventure?
- Who will come on the adventure? (Unit, Patrol, Project Patrol?)
- How will you prepare for the adventure?
- What equipment will you need?
- Will you shuttle your equipment or ride with it all (and if so how)?
- Where will you stay overnight? What gear will you need for that?
- What is your plan for catering?
- How much will it cost?
- What skills will you need to know or practice beforehand?
- How can we make sure the event is inclusive?

Do

- Undertake some training or practice rides beforehand (note: if planning to carry your gear, do a trial ride using the same method beforehand)
- Register as a Jamboree on Pedals activity.
- Enjoy an amazing cycling adventure!

Review

- What was the highlight from your cycling adventure?
- What do you know now that you didn't before?
- How did the ride match up with your expectations?
- Did you encounter any challenges? How did you overcome them?
- What would you do differently if doing a similar activity in the future?

SAFETY NOTE

- What equipment do you need to be safe while cycling?
- What are some things that could go wrong? What might we need to carry with us to be prepared for them?
- Are there any specific risks based on the location, time, or weather when we will be riding?
- How will you check-in with your supervising Leaders during the ride?
- What are your back-up plans or escape routes along the way?
